**Marymount**  
International School Paris

[www.marymount.fr](http://www.marymount.fr)

As a Catholic school embracing diversity, and in the spirit of the RSHM Mission, *"that all may have life"*, our school community is committed to the education of each student so they may think creatively, reason critically, communicate effectively, and learn continuously.

### **Marymount Paris Mission Statement**

#### **A Marymount School is a community that commits itself to:**

- Fostering a personal relationship with God
  - Creating unity through diversity
  - Instilling a life-long love of learning
- Encouraging and affirming personal growth
- Awakening a consciousness of social justice
- Fulfilling the RSHM mission: *"That all may have life"*

### **Goals of the Global Network of RSHM Schools**

# Welcome

Marymount Paris has been dedicated to educating the hearts and minds of young people for nearly a century. Founded in 1923 as the first Marymount school in Europe, we have been promoting the importance of educating for responsible global citizenship long before it became an essential component of leading educational practice.

*Sarah Thomas*  
*Head of School*

The six Marymount Schools are located in Los Angeles, New York, London, Paris and Rome. More information about our extended global network of 19 RSHM schools can be found in the pages that follow and on our website.

Strategically located between the *Arc de Triomphe* in the center of Paris, and Europe's largest financial district at *La Défense*, Marymount has a distinctly Parisian country house aura where students quickly feel at home in a nurturing yet dynamic setting.

We are fortunate to have wonderful facilities: a three-storey sports center, a performing arts theatre, an art studio with pottery center, a chapel, a dining hall, excellent IT and science resources, a FABLAB and design-technology suite, and leafy gardens for outdoor learning and play. Further afield, our program of enriching educational visits makes best use of the cultural treasures of Paris and the rest of France.

Marymount students are encouraged to develop a strong sense of personal service to the world around them. Our curriculum

is based on a range of best international standards that ensure each child is prepared for the next stage in their education – wherever in the world that may be.

Marymount schools have some of the highest academic standards in the world and those benchmarks form a crucial part of our own international curriculum and constant self-review. Older students also benefit from learning exchanges with students from the other RSHM Network schools in London, Portugal and Rome, taking part in annual festivals of sport, theatre, advocacy and debate, and STEAM learning.

Children benefit from a dedicated French lesson every day and Francophones follow the French National Curriculum. We encourage children to speak in both languages as much as possible and children from bilingual backgrounds thrive.

We warmly invite you to come and see for yourself what makes Marymount such a special place for children to be, to grow and to learn.

“

**Outdoors is one of the best learning environments for young children, providing an opportunity to explore, experience and make sense of the natural world**

*Mary Laverty,  
Senior Teacher, Early Learners*

”

# Learning

**Early Learners** 2–6 year-olds  
**Elementary School** 6–11 year-olds  
**Middle School** 11–14 year-olds

## Adaptable learning

We ensure each child is best prepared for the next stage in their education, wherever that may be.

## Learners who thrive

We draw on the expert knowledge of our highly qualified teaching team to make sure our young people thrive. We set high expectations for each child in our care and provide the extra challenge or support for those who need it. We also offer:

- After-school enrichment & childcare
- Guidance and pastoral support
- Private, school buses that cover Paris and suburbs
- Healthy, organic school lunches
- Full-time school nurse

See more at:

## Global standards

Our curriculum use uses a range of global programs to meet the best international standards so children are best prepared to go into any school system - in France or abroad - with a clear breakdown of exactly what they can do. Marymount students are well-prepared for IB, MYP PYP, iGCSE, systems in France, the UK, the USA and across the globe.

Professional partnerships with other Marymount schools form a crucial part of our curriculum review. Marymount students in Rome and London leave high school with some of the highest IB scores in the world (34.22 and 36.89 respectively vs a world average is 30). And 25% of students achieve over 40% when the world average is between 7–10%.

“ **Instilling a life-long love of learning**  
*RSHM Global Network of Schools: Goal 3*

”

**“I have come that they may have life and have it to the full”**

*John 10:10*

# Educating hearts and minds

Student wellbeing is at the heart of a Marymount education. Social and emotional learning helps students acquire the knowledge, understanding and skills they need to begin to understand their lives now and in the future.

Marymount's wellbeing curriculum covers health education, emotional literacy, mindfulness, social skills and spiritual development. It also builds capacity for learning in other subjects by helping students retain and evaluate information. The curriculum is taught and expanded on by all teachers in the school who receive ongoing professional development throughout the year.

For those of Catholic faith, we offer sacramental preparation.

**Encouraging and affirming personal growth**

*RSHM Global Network of Schools:  
Goal 4*

# Global Network of RSHM Schools

“The aims of a Marymount education are manifold: to educate the heart and mind, and to provide for each student’s total growth, intellectually, spiritually, socially and physically.”

*Mother Marie Joseph Butler,  
Founder of Marymount Paris*

Marymount is an active member of the Global Network of RSHM Schools including 19 schools across nine countries and three continents with shared roots, all seeking to fulfill the Goals and Criteria of the RSHM.

We work in close partnership with other Marymount schools in Los Angeles, New York, London, and Rome on cross-curricular educational programs and exchanges for students and staff.
